Town of Holbrook Public Works Department

50 North Franklin Street
Holbrook, Massachusetts

02343

Dear Resident,

As you may know, the Town of Holbrook has entered into a construction contract with Tom Gioioso Construction, Inc., of Rockland, MA, to complete a water main construction project which includes replacing the existing water main on Linwood Street.

The majority of the new water main has been installed. However, in order to complete the installation, a temporary interruption in your water service is needed to connect the new water main to the existing water distribution system. We anticipate that this work will occur between 8 a.m. and 3 p.m. on **Thursday, September 5, 2013**. Please plan accordingly. This interruption in your water service will impact all water usage activities, such as hand washing, showering, laundry, and flushing toilets.

The Town has retained the services of an Engineering Representative, Environmental Partners Group, Inc., to oversee the Contractor and act as the DPW's liaison. Personnel will be onsite throughout the construction activities should you have any questions or concerns.

We appreciate your continued cooperation during this very important public works construction project. If you have any questions, please contact Noreen Jordan at the Holbrook Public Works Department: 781-767-1800 between 8:00 a.m. and 4 p.m. Your cooperation with this important Town project is greatly appreciated.

Town of Holbrook

Public Works Department

Benjamin Ecord, Superintendent
