**DIVERSITY & INCLUSION COMMITTEE**

Others in attendance:

The committee met this evening to discuss the three people who submitted their volunteer forms for the new alternate voting member, a position that became available after Mr. Watkins stepped down from the committee.

After reviewing the submissions from Meghan Elliott, Christina Morely and Charles Daniels, we would like to offer the committee's recommendation to appoint Meghan Elliott as the new alternate committee member.

We all felt that an individual who has shown interest and engagement with the D&I Committee from the start should be prioritized and Meghan submitted the volunteer form back in August, right as the committee was forming. We also think Meghan's background in D&I work ranging from working with the May institute and children with special needs to supporting interfaith efforts, could bring an invaluable perspective to the committee. Furthermore, we value the insight from Meghan's lived experience in Holbrook, as a member of the LGBTQIA community and mother to two children.
